

UNIVERSAL GUARDRAIL KIT

Passive Fall Protection Stack Rack Unit

The Universal Guardrail provides exceptional freedom of movement, allowing workers to perform their tasks without hindrance. Engineered to hold 11 Universal Guardrails and 12 Socket Bases on a reinforced metal rack, the Stack Rack Kit includes up to 110 linear feet of guardrail protection, depending on the kit purchased. With its ability to stack perfectly for either side loading of a flatbed or end loading for a closed trailer, the Stack Rack's metal frame allows three bundles of guardrails to be stacked for utmost convenience, allowing you to ship more linear feet per truckload than any other guardrail system.

Powder-Coat Yellow Part ID: 70762

Galvanized Part ID: 70783
